Into the unknown: The new world of work amid Covid-19

From leveraging your network to providing clarity in the chaos, SIA's Jo Matkin offers guidance for organizations to consider as they continue to feel their way through the rapidly evolving landscape due to Covid-19.

Covid-19: Best practices for keeping contingents safe while complying with the law

As workforce managers battle to keep organizations operating, it is imperative to examine practices and review contracts while also complying with government rules and regulations.

Cisco agrees to \$4.75 million pay-equity settlement

Cisco Systems Inc. will pay \$4.75 million in lost wages and interest, and pay-equity adjustments after the US DOL claimed the company paid women, black and Hispanic employees less than comparable male and white employees in similar positions.

H-1B: USCIS delays 2021 premium processing

US Citizenship and Immigration Services announced Monday the temporary suspension of premium processing for fiscal year 2021 cap-subject H-1B petitions.

Navigating the working-from-home terrain

Successful remote work requires a considered setup and approach. An SIA analyst shares her experiences in navigating the terrain to help you stay productive and healthy in a post in The Staffing Stream.
